ERGOTRON®

Elevate, Electric Sit-Stand Desk

Elevate, an electric powered sit-stand desk, joins Ergotron's line-up of adjustable-height tables that move from sitting to standing height

Available in a range of finishes and sizes, Elevate keeps you moving throughout the day so you're energized and productive.

The 6.5" h (16.5 cm) cable tray

is deep enough to hold all your power bricks and cord bundles

Waterfall edges are comfortable Tilt-and-go rear wheels help you easily move the table for cleaning against forearms and wrists. or accessing the cable tray.

Sophisticated laminate finishes come in 3 choices:

Metal surfaces are Silver Satin:

Silver Satin

Intertek

Switch from sitting to standing with a simple push of a button.

"Tilt-and-go" wheels at the back of each foot make it easy to move the table when you need to rearrange your space or access the back of your equipment. Just lift the front of the worksurface and roll the table into place.

Contoured laminate worksurface with smooth edges is comfortable against your arms when typing.

Strong electric legs lift 150 lbs. (68 kg) of distributed weight easily and quietly at about 1.5" (3.8 cm) per second and move all your equipment up and down with the desk.

The open architecture frees up space for a treadmill and other equipment.

The 30-year legacy of Anthro Corporation lives on in its worldclass factory, flexible award-winning designs, and marketleading personal customer service. When you see Anthro-DNA, it signifies quality manufacturing and technology leadership.

PU SideRack							
	 Attaches to the outside edge of your desk with four screws. Installs left or right. Slide the arms open to insert your CPU, then tighten down to keep it in place. Measure the width of your CPU and add 3" (7.6 cm) to determine how far the SideRack will extend from the side of your desk. Supports CPUs 4.5"-9.75" (4.5 - 24.8 cm) wide. Holds up to 40 lbs (18.14kg). Comes in Grey Metallic.
