

**Get More
From Your
Warranty**

Barco Advanced Care Program

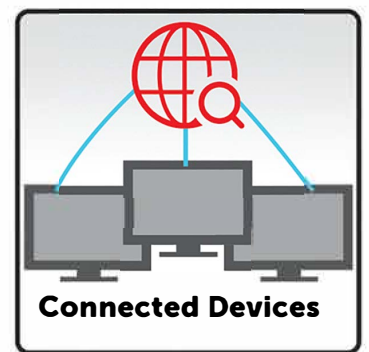

Today's healthcare organizations can't afford to have their technology disrupt physician productivity. With Barco's Advanced Care contract, you'll get your already stellar warranty plus the added confidence of knowing that if something does go wrong, we'll be there with a fix. All you have to do is connect your device to QAWeb within three months of shipment and you'll get this premium maintenance contract free of charge.

Replacements are sent the next business day, meaning a reduction in downtime and increased efficiency

The replacement display will be color matched, ensuring diagnostic confidence and full compliance

With QAWeb you'll get improved serviceability, more diagnostic uptime and fewer unplanned workflow interruptions

Act now! The Advanced Care Program is only available until September 1, 2019.

Reach out to your partner or Barco representative to learn more.
