# Ergonomic Workstations for Radiology

DBI CT19

The **DBI CT19** is the Complete Table you have been looking for. The CT19 incorporates every feature radiologists look for in an imaging table. Easy Monitor Control System, Adaptive Lighting System, and other Innovative Features to improve Comfort.
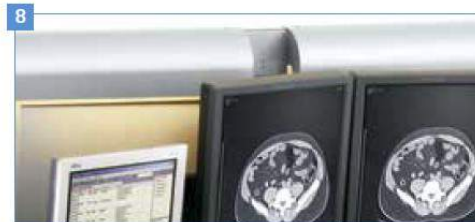

Monitor Control System

1. Mount (and move!) all of your monitors in perfect alignment on a single array.

2. Push-button controls electrically adjust the entire bank of monitors up, down, forward, and back in unison.

3. Wrap your outside monitors around you on two hinged extensions.

4. Our patented mounts make it easy to install all of your monitors in perfect alignment.

5. We provide tools for precision adjustments.

6. Supports 6MP and 10MP diagnostic monitors.

7. Plug monitors into the rear power bar and manage cables cleanly.

Adaptive Lighting System

8. Ambient back lights with adjustable brightness help reduce eye strain and keep you working comfortably.

9. Two desk task lights are completely adjustable.

10. A single interface gives you full lighting control.

Other Innovative Features For Your Comfort

11 Wraparound acoustic panels absorb sound up to 35%.

12 Air Circulation System to keep you cool.

13 100 Programmable Height/Tilt Presets.

14 2 USB ports.

15 Non-tilting Coffee Surface.

16 Two CPU Holders.

17 Swiveling footrest.

18 Advanced Safety System protects you and your equipment when raising or lowering the table.
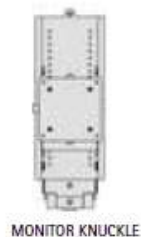

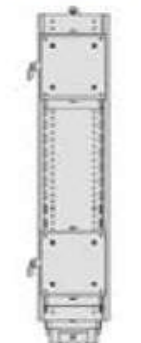

KEYBOARD SURFACE REPLACEMENT PAD

- If needed, replace the pad on the keyboard surface with this pad. It's exactly like one that comes with the CT15 table and matches the contour of every Carl's Table keyboard surface.

MONITOR CONTROL SYSTEM OPTIONS

MONITOR KNUCKLE

MONITOR VERTICAL EXTENSION

- Choose from Standard and Super Knuckle based on the weight of your display. Knuckles slide into the monitor track and rest on the monitor block which adjusts in height in 1" increments. The monitor track attaches to the boom or boom extension at any position horizontally. Reposition the track's lateral position easily by loosening a single knob.
- Each knuckle provides tilt and swivel adjustment.
- The Standard knuckle (RADKNABK) supports displays up to 35 lbs and comes with VESA 75mm and 100mm pattern. The knuckle slides into the monitor track with 7" height adjustment in 1" increments. Fine tune the monitors' height and yaw using a pair of screws.
- For larger displays weighing 25-60 lbs, choose the Super knuckle (RADKNBBK). This knuckle also slides into the monitor track with 5" height adjustment in 1" increments and fine-tune adjustment for height and yaw.
- Need to stack two standard displays for your RIS, dictation, or other system? Add the Monitor Easy Track Vertical Extension (RADMVBK). It installs on the center boom or on a Monitor Extension and comes with two knuckles. Supports two displays, one above the other, up to 35 lbs total and up to 17" apart, center to center.
- Each knuckle comes with a 15-ft DVI-D cable to route from your display, through the table's cable management system, and to your computer. At 15 feet long, it reaches all the way from your display to your CPU no matter how you adjust the Monitor Easy Track so connections on both your display and your CPU are protected. Cable is capable of transmitting resolution value of 2560x1600 at 60 hz.

PRODUCT	Weight Capacity	Weight	Part #
Standard Monitor Easy Track Knuckle	35 LBS.	10 LBS.	RADKNABK
Super Monitor Easy Track Knuckle	25-60 LBS.	12 LBS.	RADKNBBK
Monitor Easy Track Vertical Extension	35 LBS.	16 LBS.	RADMVBK

Styles and sizes	Dual-surface in 65" width
Sit/stand height range (measurements are from the floor to the top of the keyboard surface)	as high as 49.5" ⇕ as low as 30"
Max lift capacity	300 lbs.
Overall weight capacity	300 lbs.
Monitor controls and configurations	**Monitor Control System™** Electrically adjust an array of up to 4 monitors up, down, forward and back in unison.
Cable management	With the Cable Management System, move the table to any position and the cords stay plugged in and equipment stays in place.
Number of electrical outlets	14 outlets.
Tilt	**15° of reclining tilt** on the entire table, with a Coffee Surface for items you want to keep level (like coffee!)
Lighting	**Adaptive Lighting System** relieves eye strain by giving you complete control to adjust the brightness of ambient backlights. Two adjustable task lights are integrated into the worksurface.
Product Includes	2 electrically controlled shelves (1 monitor, 1 keyboard) with height and tilt adjustments, side shelf, back Privacy Panel, 2 height-adjustable legs, 2 CPU holders, footrest, 2 background lights, 2 LED task lights, 2 control panels, powered USB hub, Air Ventilation System with 2 adjustable air ports, Monitor Control System with 3 monitor brackets and cable management troughs, 3 power strips with 14 outlets, and a 10' power cord with cable management sleeves.

DBI Sit-Stand Station

The **DBI Sit-Stand Station** family incorporates all the must have features for imaging tables; **Sit-Stand Adjustability, Monitor Easy Track, and Cable Management**. The DBI SS options coming two widths; 60" wide and 72" wide as well as a choice of Single of Dual Surface.

Monitor Easy Track

1. Slide the entire bank of monitors in unison to the focal depth you need - then release the clamp to keep them securely in place.

2. Our patented mounts make it easy to install all of your monitors in perfect alignment.

3. Make Precision adjustments with our provided tools.

4. Supports 6MP and 10MP diagnostic monitors.

5. Optional vertical extensions are available for stacking monitors.

Adjust farther

Adjust closer

DBI Sit-Stand Station

Cable Management System

6 Slide monitors into their mounts.

7 Route monitor cords down the cable channel behind the Monitor Easy Track.

8 Plug it all into the power bar inside the roomy cable trough.

9 Secure the door to the cable trough.

10 Never deal with cords yanking or annoying slack, no matter how high you adjust the table, by routing them through our fixed-length cable channels.

Worksurface Adjustment

11 Sit or stand with ease using advanced push-button height controls, 3 height presets and LED read-out.

12 Raise or lower the front keyboard surface by squeezing the paddle (dual surface only).

13 All wrap-around tables come with a non-tilting coffee surface.

14 Waterfall edges are comfortable on your forearms and wrists.

15 Optional CPU racks can raise or lower as you adjust the shelf height.

DBI Sit-Stand Station

Other Innovative Features

16 Two dimmable task lights.

17 Air Circulation System to keep you cool.

18 2 USB Ports.

19 The Safety System protects equipment when raising or lowering the table.

ACCESSORIES

CPU SIDERACKS

CPU SideRack, Outboard

- Slide the arms open to insert your CPU, then tighten down to keep it in place. Measure the width of your CPU and add 3" to determine how far the SideRack will extend from the side of your table. Supports CPUs 4.5"-9.75" wide. Holds up to 40 lbs.
- Comes in Grey Metallic.

Width	Depth	Height	Weight	Part #
6.25"	11.5"	14.5"	12 lbs.	STSR2GM

CPU SideRack, Floor-mount
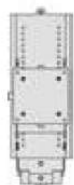

- This large 3" high platform sits on the floor to hold your CPU, UPS, or other equipment. Straddles either DBI SS Station n foot (left or right), or set it outside the footprint of the table.
- Metal hoop above the SideRack measures 16.25" above the platform to show the safe height limit of items stored under the table at its lowest position.
- Platform measures 13.25" wide, 22.5" deep. Comes with slots and strap and buckle kit to hold items in place.
- Holds up to 125 lbs. Comes in Grey Metallic with Silver Satin accent.

Width	Depth	Height	Weight	Part #
13.25"	22.5"	19.25"	20 lbs.	STSR3GV

MONITOR SOLUTIONS
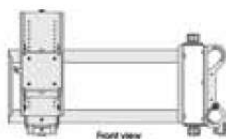

Monitor Knuckles

MONITOR KNUCKLE

MONITOR VERTICAL EXTENSION

- Choose from Standard and Super Knuckle based on the weight of your display. Knuckles slide into the monitor track and rest on the monitor block which adjusts in height in 1" increments. The monitor track attaches to the boom or boom extension at any position horizontally. Reposition the track's lateral position easily by loosening a single knob.
- Each knuckle provides tilt and swivel adjustment.
- The Standard knuckle (RADKNABK) supports displays up to 35 lbs and comes with VESA 75mm and 100mm pattern. The knuckle slides into the monitor track with 7" height adjustment in 1" increments. Fine tune the monitors' height and yaw using a pair of screws.
- For larger displays weighing 25-60 lbs, choose the Super knuckle (RADKNBBK). This knuckle also slides into the monitor track with 5" height adjustment in 1" increments and fine-tune adjustment for height and yaw.
- Need to stack two standard displays for your RIS, dictation, or other system? Add the Monitor Easy Track Vertical Extension (RADMVBK). It installs on the center boom or on a Monitor Extension and comes with two knuckles. Supports two displays, one above the other, up to 35 lbs total and up to 17" apart, center to center.
- Each table and Monitor Easy Track appliance comes with one Standard Knuckle. Add additional to support your modality.
- Each knuckle comes with a 15-ft DVI-D cable to route from your display, through the table's cable management system, and to your computer. At 15 feet long, it reaches all the way from your display to your CPU no matter how you adjust the Monitor Easy Track so connections on both your display and your CPU are protected. Cable is capable of transmitting resolution value of 2560x1600 at 60 hz.
