

## Powerful In-house Solution Delivering Quality Results

The Rimage 2450 system is a high-performance, front-office solution for automated Patient CD/DVD Production. Your Medical Imaging workflow will benefit from a fully automated and intelligent in-house robotic solution with a low long-term cost of ownership.

### Benefits

#### Affordable

The Rimage 2450 is the most affordable disc publishing system with a thermal printer. It is the easiest way to get Rimage quality publishing in an affordable package. All you need is a PC, the solution software and you are ready to go.

#### Network connectivity

The standalone 2450 system can be easily networked using an external PC.

#### Rugged Durability

With positive air flow through a front-accessible filter, quick-release recorders.

#### Integrated printer

Rimage's Everest® 400 printer is the market's only fully integrated thermal retransfer printer, providing indelible, high-resolution images and sharp, easy-to-read text. Unlike inkjet printing, thermal retransfer printed labels will not scratch, smear, peel or fade over time.

#### Unmatched performance

The three-bin carousel with optional 50-disc output bin enables multiple patient discs and media types to run concurrently. Publish up to 50 CD-Rs, DVD-Rs, or Blu-ray Discs™ per hour with hands-free operation.

### Features

Backed by decades of experience in designing and building hardware, the Rimage 2450 standard features include:

- Integrated DiscWatch™ status light
- Two quick-release front-swappable recorders
- LCD status display
- Rotating three-bin 150-disc carousel for input/output
- External five-disc output bin
- Integrated Everest 400 thermal retransfer printer
- Internal lighting
- USB 3.1 Gen 1

### Options

- Blu-ray recorders
- 50-disc external output bin

## SYSTEM SPECIFICATIONS

RIMAGE 2450	
<b>CPU/RAM/HDD</b>	User Supplied
<b>Number of Recorders</b>	2 CD/DVD (optional BD)
<b>Carousel / Total Capacity</b>	3 bins / 150 discs
<b>External Output Bin Capacity</b>	5 discs (optional 50-disc external output bin)
<b>Printer</b>	Everest 400
<b>USB Port</b>	USB 3.1 Gen 1
<b>Print Speed</b>	60 seconds
<b>Print Ribbons</b>	Choice of CMY or Black
<b>Rimage Software Suite</b>	<p>A set of software tools enabling unique artwork design, job submission, control center operation, production monitoring and custom application creation.</p> <p>Included in the Rimage Software Suite is CD Designer™, QuickDisc™ and Rimage System Manager.</p>
<b>Height</b>	19 in / 48.3 cm
<b>Width</b>	14.8 in / 37.6 cm
<b>Depth*</b>	19.5 in / 49.5 cm
<b>Weight</b>	64 lb / 29 kg
<b>Power Specifications</b>	100 – 240VAC, 60/50 Hz, 3.4 - 2.4A, 500W max
<b>Warranty</b>	12 months

\* Allow space (3.5" or 9 cm) in rear of machine for cabling.

## We Recommend

### Rimage Maintenance Agreements

Maximize your ROI and minimize downtime when quick problem resolution is a must. With our range of skilled technicians and industry-leading support services, Rimage has a maintenance plan that meets your needs.

### Rimage Media Kits

Get reliable, uninterrupted performance from your 2450 system. With optimized print ribbons and discs, Media Kits give you the best-looking, longest-lasting results in one convenient and affordable package.

Blu-ray Disc™ is a trademark of the Blu-ray Disc Association.
