

# Custom Table

Completely customize a desk based on your space and equipment. Choose your desk size, shape, and color to completely make it your own!

The goal at Double Black Imaging is to make imaging as efficient as possible within the medical display market by providing superior products, whether that includes a comprehensive ergonomic workstation setup, NDT equipment, medical monitors, or the calibration software required for optimal performance.

Double Black Imaging is committed to reducing healthcare costs through the quality of the products we offer. We give each customer individualized service by listening and responding to their needs, gaining trust by exceeding customer expectations, respecting our environment, and supporting our charities. We seek vendors and partners who share our philosophies.

**Choose Your Top Shape and Size**  
(Standard sizes: 60w, 72w, 5x5, 6x6; other sizes available upon request)

**Select Your Finishes:**

**Standard Laminate Choices:**  
Dark Colors Highly Recommended for Reading Rooms

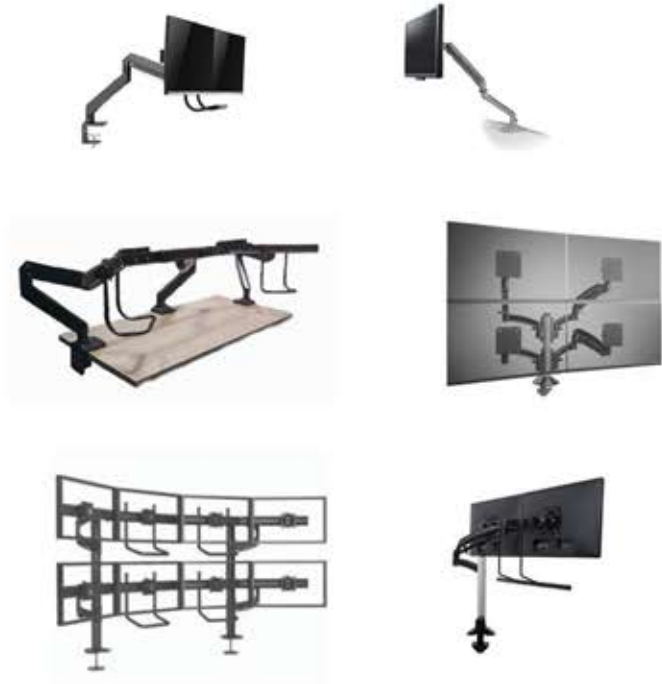

**Base Colors:**  
Black, Silver, or White

# Monitor Mounts and Lighting

## Monitor Mounts:

Lift the monitors to eye height to enhance the ergonomics of the user while sitting or standing. Quickly adjust the height and depth for more accurate and comfortable readings while reducing eye strain. Customized based on monitors being mounted.

## Mounted Dimmable LED Light:

Easily adjust the light on the surface of the table without needing to change the light in the entire room. Place behind monitors to offset the light of the monitors to help reduce eye strain.

## Custom Examples:

# Seating Options

## THE VERTE

Imagine settling into a chair that molds itself to your spine's unique shape. Inspired by the human vertebrae, the Verte combines ergonomics, form and function to produce the ultimate in seating posture and comfort. A decade in the making, the Verte was created by a team of engineers, designers, and ergonomists, and is truly one of a kind. Sit in it once, and you'll never settle for anything less.
