

**TIRED OF PAYING & MAINTAINING
MULTIPLE DICOM APPLICATIONS
AND WORKSTATION LICENSES?**

Renewing individual licenses becomes **EXPENSIVE!**

Vertex Enterprise saves you money.

Updating a new version on each computer is **TIME CONSUMING!**

Vertex Enterprise installs remotely with a few clicks.

Don't make your IT team handle more **MAINTENANCE!**

Vertex updates & fixes are applied enterprise wide.

It's time to switch to VERTEX!

ONE "DOES IT ALL" DICOM SOFTWARE

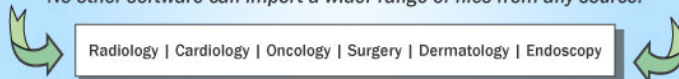

ONE INEXPENSIVE ENTERPRISE LICENSE

Replace all those individual Pacscan and E-film workstation licenses	✓
ONE lower price to cover all workstations and capabilities	✓

ONE INTERFACE FOR STAFF TO USE

Scan, Import, Dicomize, Burn, or Share any file type, from ONE GUI	✓
Import any disc from any PACS	✓

No other software can import a wider range of files from any source!

OTHER COOL FEATURES:

- Capture, Edit, Import and Distribute Video Clips of Specialized Endoscopy Procedures
- Convert JPEG to DICOM (as well as BMP, TIFF, ...) to Track the Status of Lesions or Other Skin Conditions over time in dermatology.
- Capture, Edit, and Share Images and Clips from Swallow Studies to the Patient's Chart
- Incorporate Key Slides into the EMR Instead of Printing or Storing on Departmental Storage
